

SCOPE AND SEQUENCE

Number of Weeks: 21 (28 with review weeks)

How to complete one lesson per week:

We recommend breaking down each lesson into five days, but lessons can be customized to fit your schedule. While each day has suggested activities for classwork and homework, they can be used as opening or closing class assignments during class or distributed as homework only.

Day 1	Day 2	Day 3	Day 4	Day 5
<p>Classwork: Review “Critical Reading” from the prior lesson and introduce the new lesson’s vocabulary list.</p> <p>You can also use “Introducing Level 9” Power Presentation.</p>	<p>Classwork: Review “Words in Context” and “Sentence Completion” with the class.</p>	<p>Classwork: Review “Shades of Meaning” and “Word Windows.” We suggest reviewing the answers with the class in small groups.</p>	<p>Classwork: Review “Roots, Prefixes, and Suffixes” and “Inference.” Conduct an in-class review of your choosing, or use the Power Presentation “Practice Level 9.”</p>	<p>Classwork: Lesson Assessment</p> <p><i>*Vocabulary Power Plus</i> includes premade tests, depending on class goals:</p> <p>Test Pack – Definition Matching, Synonyms, and Antonyms</p> <p>Enhanced Test Pack - Sentence Completion and Words in Context questions. Also available are review tests that cover three lessons at a time.</p>
<p>Homework: Assign “Words in Context” and “Sentence Completion.”</p>	<p>Homework: Assign “Shades of Meaning” and “Word Windows.”</p>	<p>Homework: Assign “Roots, Prefixes, and Suffixes” and “Inference.”</p>	<p>Homework: Assign students to review the words for the upcoming test.</p>	<p>Homework: Assign “Critical Reading” to review the following week.</p>

Notes:

“Critical Reading” passages do not incorporate vocabulary words, so assigning the exercise post-lesson will not impact vocabulary review for students.

Additional activities for homework or classwork include:

- *Redesigned SAT Enhanced Practice Pack – grammar questions and extra reading comprehension practice*
- *Writing exercises at the back of the Teacher’s Edition*
- *Grammar exercises at the back of the Teacher’s Edition*

There is a review lesson after every three lessons. You can spend a week on this lesson and then provide a test to reinforce the new words students have learned.
